Postcards from Seletar

Looking for gifts that capture a special experience? Something that has a story spanning pre-WW2 history to 21st century broadband enabled life. An enclave that blends lush tropical greenery and stark black-and-white homes. Memorabilia of a place that will no longer exist in 2009.

Notebooks with striking images of Seletar's natural gems, greeting cards and a bird's eye view map of the residential area. See them at all Museum Shops across Singapore (<http://www.museumshop.com.sg/>).

Or meet the production team and collect your personal copy at the Seletar Children's Fair on June 14th at Mornington Crescent. More details at www.postcardsfromseletar.com or from Sue at 91057778.
